

CREATE CHANGE ONE DAY AT A TIME

The next federal election is scheduled to be held on October 19, 2015.

To act a reminder of this, we are calling on members to mark this day each month on the 19th with actions in their workplaces and locals. These actions are meant to shed light on the destructive policies and reckless cuts of the Conservative government.

Join the movement and contribute to the discussion about the importance of the upcoming federal election. Actions will also demonstrate solidarity and support for PSAC bargaining teams and will continue up until the 2015 federal election.

Although the date of the election may change—if Harper breaks his own fixed date election law—the 19th has symbolic meaning for PSAC members participating in these actions across the country.

Let's demonstrate the solidarity and strength of PSAC members in the Prairie Region by taking part in a creative actions at the workplace.

Take photos of members participating and send them to your nearest PSAC Regional Office to be included on the Prairies website and in the e-newsletter.

HOW YOU CAN TAKE PART

- Rally or BBQ over the lunch hour
- Demonstration at an MP's office
- Informational picket or plantgate outside the workplace
- Create a song or video, or artistic message
- Send letters to your MP
- Collectively wear buttons, bracelets or arm bands

Members in other regions have come up with some creative and visual ideas to mark the 19th each month. Some of these ideas include, a tree planting ceremony to recognize the harmful cuts to the environmental, creating a video with members listing 19 ways Harper must be stopped, handing out treat bags to public with information on cuts to public services.

Be creative and have fun!
