Round Table:

Diane: PSAC launched a new online learning system. Welcome to your Union PSAC and Precarious Work a Union Issue are two online learning courses that can be found on the National Website. Regional Office has a number of work shops they will be offering. Check the Website for Courses. Prairies Region has been chosen for pilot project TUB course, double the number of members applied then the course could accommodate. A lot of Bargaining rounds are coming up and the Bargaining round will be tougher than past contracts. Talk about Bargaining within your Bargaining Units now rather than later. UNDE campaign about contracting out is still going on.

Satinder Baines wanted to thank everyone for helping him throughout the years of being the PRC REP for the local Area Council. He enjoyed the time spend with the various committees, but has to step back now due to other commitments.

Next Meeting March 18th at 7:15 pm
