ONE DAY SEMINAR ON UNIVERSAL CHILDCARE

QUALITY, AFFORDABLE CHILDCARE CAN BE A REALITY....

The Northern Alberta Regional Women's Committee has put together a one-day Seminar to discuss the topic of Universal Childcare. This seminar will start with some very knowledgeable and exceptional speakers on the topic of universal childcare. They will motivate you to become part of this movement that works towards a childcare system that will benefit ALL Canadians. You will have the opportunity to participate in a March for Universal Childcare that will assist in gaining the attention of government to make the necessary changes to put this in place. After a catered lunch there will be a workshop called *Childcare: Making it a Reality* where we will explore personal experiences of childcare among the participants and learn some of the realities families face today. Participants will have the opportunity to practice their advocacy skills for a National Universal Childcare Program and leave with a personal action plan.

**Speakers and Special
Guests include:**

NDP MLA

Marie Renaud

Morna Ballantyne

**Public Service
Alliance of Canada
and Childcare
Advocacy Association
of Canada**
