

Oct. 12, 2012

Dear Sisters & Brothers,

Annual fundraising drives for United Ways across Alberta have kicked off and we're asking PSAC members to reach into their pockets and continue their pattern of giving generously. Supporting this important community-focused charity is one of the best and most effective ways to reach out into your local community.

The labour movement has a long-standing relationship and shares an important vision with the United Way. Together, we work toward building a stronger, healthier community with a wide range of accessible, universal and high-quality social services accessible to all citizens.

During hard and uncertain economic times, it may be difficult to find the means to make charitable donations, but even small gifts add up. For \$2 per week, the price of a cup of coffee, you could provide a year's worth of emergency rations for youth in crisis. For \$5 per week, you can help five women get training in basic childcare and matched with employment opportunities.

Together, we can make a significant contribution and help to reach the 2012 campaign goals including, for example, the United Way of the Alberta Capital Region's goal of \$23 million. For more information on the United Way in your area and their individual campaign goals, refer to the included list of United Ways in Alberta.

This year, make a difference in your community and open a door to real and lasting change, and a better life for everyone.

In Solidarity,

Marianne Hladun

Regional Executive Vice-President

Public Service Alliance of Canada, Prairies
